Irish Culture In Australia

A New History of the Irish in Australia-Elizabeth Malcolm Hall 2019-02-06 In 1986, Patrick O'Farrell published a landmark book, The Irish in Australia. This was an important volume given that after the English, the Irish were the largest population in Australia between 1788 and 1945, comprising nearly 25 per cent of all non-Indigenous Australians by 1901. Drawing on source materials unused until now, A New History of the Irish in Australia focuses on key areas previously ignored, including race. Indeed, the Irish were seen as a different, inferior ethnic group, despised and feared. Catholic Irish were often seen as a threat to the empire in their supposed failure to show loyalty to the crown. Their alleged recklessness and moral shortcomings meant Irish men and women were perceived as a threat to good manners and society, often the butt of jokes in popular culture. This important book also looks at the Australian-Irish experience in the context of the worldwide Irish diaspora, revealing much about what Irish-Australians shared with Irish communities elsewhere and showing that the Irish-Australian experience was unique.

Not Just Ned-Richard Reid 2011 What do explorer Robert O'Hara Burke, bushranger Ned Kelly, Eureka stockade leader Peter Lalor and Prime Minister Ben Chifley have in common? Like millions of other Australians, they are of Irish ancestry. The Irish have been part of Australian history since the arrival of the First Fleet in 1788.

Irish and Scottish Encounters with Indigenous Peoples-Graeme Morton 2013-05-01 The expansion of the British Empire during the eighteenth and nineteenth centuries created the greatest mass migration in human history, in which the Irish and Scots played a central, complex, and controversial role. The essays in this volume explore the diverse encounters Irish and Scottish migrants had with Indigenous peoples in North America and Australasia. The Irish and Scots were among the most active and enthusiastic participants in what one contributor describes as "the greatest single period of land theft, cultural pillage, and casual genocide in world history." At the same time, some settlers attempted to understand Indigenous society rather than destroy it, while others incorporated a romanticized view of Natives into a radical critique of European society, and others still empathized with Natives as fellow victims of imperialism. These essays investigate the extent to which the condition of being Irish and Scottish affected settlers' attitudes to Indigenous peoples, and examine the political, social, religious, cultural, and economic dimensions of their interactions. Presenting a variety of viewpoints, the editors reach the provocative conclusion that the Scottish and Irish origins of settlers were less important in determining attitudes and behaviour than were the specific circumstances in which those settlers found themselves at different times and places in North America, Australia and New Zealand. Contributors include Donald Harman Akenson (Queen's), John Eastlake (College Cork), Marjory Harper (Aberdeen), Andrew Hinson (Toronto), Michele Holmgren (Mount Royal), Kevin Hutchings...
The Irish in Australia - Patrick O'Farrell 2000 A new and revised edition of this acclaimed, award-winning book, it features a new chapter considering the idea of being Irish in Australia today and how this has changed from being a liability - identified with poverty, ignorance, low social and occupational status - to, since the 1980s, a fashionable asset.

The Altar Boys - Suzanne Smith 2020-08-01 Boys with everything to live for ... A community betrayed ... The whistle-blower priest who paid the ultimate price Glen Walsh and Steven Alward were childhood friends in their tight-knit working-class community in Newcastle, NSW. Both proud altar boys at the local Catholic church, they went on to attend the city's Catholic boys' high schools: Glen to Marist Brothers, Hamilton, and Steven to St Pius X. Both did well: Steven became a journalist; Glen a priest. But their lives came to be burdened by secrets kept and exposed. Glen discovered that another priest was sexually abusing boys and reported the offender to police, breaking his vows to the Catholic 'brotherhood' in the process. His decision to give evidence regarding the cover-up of clerical abuse at a landmark trial ended in tragedy. Meanwhile, Steven was fighting his own battle to overcome a traumatic past, a battle that also ended in tragedy. Ensuing investigations revealed that at least 60 men in the region had taken their own lives. What had happened, and why were so many of those men from the three Catholic high schools in the area? By six-time Walkley Award-winning investigative reporter Suzanne Smith, The Altar Boys is the explosive expose of widespread and organised clerical abuse of children in one Australian city, and how the cover-up in the Catholic Church in Australia extended from parish priests to every echelon of the organisation. Focusing on two childhood friends, their families and community, this gripping story is backed by secret documents, diary notes and witness accounts, and details a deliberate church strategy of using psychological warfare against witnesses in key trials involving paedophile priests.

Ireland, Australia and New Zealand - Laurence M. Geary 2008 Twenty contributors offer a fascinating range and diversity of explorations of Irish-Australian-New Zealand shared culture including material culture, folk culture, literature, music, dance, architecture, written and oral cultural transmission, cultural influences, intercommunal cultural transference, and cultural assimilation and dissemination. Often neglected political links are explored, with Carla King assessing the impact of Michael Davitt's Australian tour in 1895 on his subsequent radical politics. De Valera's only visit to Australia/New Zealand in 1948, as part of his 'anti-partition' world tour, analysed in the context of media both in Ireland. Ruairí Ó'Donnell explores uncharted territory in reviewing perceptions of the IRA in mid-twentieth century Australia. Literary contributions range from Frances Devlin-Glass's reconsideration of Mary Durack's Kings in Grass Castles, to Brega Webb's engaging biographical study of Mary Anne Kelly, better known as 'Eva of the Nation' for her poetic contributions in the lead in to the suppression of the Young Ireland press in 1848. There is a balance between particular experiences of emigrants, and a reassessment of some traditional views. Academics, including Brad Patterson, Malcolm Campbell and Lyndon Fraser, explore many of these issues with new material and reconsiderations of traditional approaches. Irish history abounds with biographies, and the book contains some fascinating Irish personalities who contributed enormously to the making of Australia, ranging from an engineer, a lawyer, a musicians and a diplomat. The Irish have always impacted, of course, and Richard Davis provides a splendid historical survey of the influence of the Irish on Van
Diemen's Land/Tasmania from Bushrangers to Celtic Tiger.

Irish-Australian Culture-Source Wikipedia 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 58. Chapters: Australasia GAA, Australia-Ireland relations, Black Irish, Brisbane Irish Rugby Football Club, Brothers-Valleys, George (band), International Rules Series, Irish Australian, Irish diaspora, Irish experiment, Irish Mob, Les Darcy, Melbourne Celtic Club, Ned Kelly, New South Wales GAA, Past Brothers, Redmond Barry, Saint Patrick's Day, Tasmanian Gaelic Football and Hurling Association, Young Ireland Sydney. Excerpt: Edward "Ned" Kelly (June 1854 or 1855 - 11 November 1880) was an Irish Australian bushranger. He is considered by some to be merely a cold-blooded killer, while others consider him to be a folk hero and symbol of Irish Australian resistance against the Anglo-Australian ruling class. Kelly was born in Victoria to an Irish convict father, and as a young man he clashed with the Victoria Police. Following an incident at his home in 1878, police parties searched for him in the bush. After he killed three policemen, the colony proclaimed Kelly and his gang wanted outlaws. A final violent confrontation with police took place at Glenrowan on 28 June 1880. Kelly, dressed in home-made plate metal armour and a helmet, was captured and sent to jail. He was convicted of three counts of wilful murder and hanged at Old Melbourne Gaol in November 1880. His daring and notoriety made him an iconic figure in Australian history, folklore, literature, art and film. In August 2011, anthropologists announced that a skeleton found in a mass grave in Pentridge Prison had been confirmed as Kelly's. His skull, however, remains missing. Kelly's father, John Kelly (better known as "Red"), was born in County Tipperary, Ireland, and was transported in 1841 from Tipperary to Tasmania for stealing two pigs, not for shooting at a landlord as the Victorian Royal Commission indicated in "an unwarrantable piece of propaganda." After his...

Irish Culture and Nationalism, 1750-1950-David M. Messick 1983-07-21

The Crate Escape-Brian Robson 2021-04-30 In 1962, when air-travel was in its infancy, a nineteen-year-old boy who felt trapped in Melbourne, Australia, made up his mind that he was going to return to his homeland in the United Kingdom. He was prevented from doing so by both lack of documentation and the funds required. Putting an idea to work without the thought of losing his life, he became the first person in history to fly for nearly five days in a crate across the Pacific Ocean.

Irish South Australia-Susan Arthure 2019 Irish markers can be found in South Australian archaeology, architecture, geography and history. Some of these are visible in the hundreds of Irish place names that dot the South Australian landscape, such as Clare, Donnybrook, Dublin, Kilkenny, Navan, Rostrevor, Tipperary, and Tralee (as Tarlee).

Hidden in Plain View-Paul Irish 2017-06-08 Aboriginal people are prominent in accounts of early colonial Sydney, yet we seem to skip a century as they disappear from the historical
record and re-emerge in early in the twentieth century. Paul Irish's Hidden in Plain View explores what happened in the interim. How did Indigenous people come to be ignored in colonial narratives? In this original and important book, he brings this poorly understood period of Sydney's Aboriginal history back into focus. Irish tells the compelling story of the Aboriginal presence in the heart of Sydney during the nineteenth century and reveals the complex relationship between Aboriginal people and the growth of Sydney. He shows that Aboriginal people were not pushed out of the way by urban expansion and charts how they developed cross-cultural relationships and established links with the settler economy. Hidden in Plain View reminds us that Aboriginal people have always been part of the physical and historical fabric of Sydney.

**Not the Same Sky**-Evelyn Conlon 2017-02-09 By 1848 famine has ravaged Ireland, and London remains undecided about what to do. A shortage of female labour in Australia offers a kind of solution and so, over the following two years, more than 4000 Irish girls are shipped across vast oceans to an unimaginable world in the new colony. On Sunday 28 October 1849, one of these ships, the Thomas Arbuthnot, sets sail from Plymouth with a cargo of girls under the care of Surgeon-superintendent Charles Strutt. Not the Same Sky tells the story of Honora, Julia, Bridget and Anne. It observes them on the voyage, examining their relationship of trust with Charles Strutt, and follows them from Sydney as they become women of Australia, negotiating their new lives as best they can. A stark, poetic intensity gives these young women historical importance and human presence in an elegant and subtle novel suffused with humour. 'Conlon is one of Ireland's major truly creative writers.' - Books Ireland Evelyn Conlon is a novelist, short-story writer and radio essayist. Born in Ireland, she lived in Australia for a number of years. Her last novel Skin of Dreams was shortlisted for Irish Novel of the Year. The title story of her collection Taking Scarlet as a Real Colour was performed at the Edinburgh Theatre Festival. She is a member of Aosdana, the fellowship of honoured artists in Ireland, and lives in Dublin.

**The Luck of the Irish**-Babette Smith 2014-07-01 The luck of the Irish was chronic bad luck, as their sad history attests. That's how it looked for 250 Irish convicts when their ship, the 'Hive', sank ignominiously off the NSW coast in 1835. Miraculously all survived, guided to safety by local Aboriginal people...They landed at a time when the so-called slave colony was at its height, ruled by the lash and the chain gang. Yet as Babette Smith tracked the lives of the people aboard the 'Hive', she discovered a very different story. Most were assigned to work on farms or in businesses, building a better life than they possibly could have experienced in Ireland. Surprisingly, in the workforce they found power, which gave rise to the characteristic Australian culture later described by DH Lawrence: 'Nobody felt better than anybody else, or higher.'..'The Luck of the Irish' is a fascinating portrait of colonial life in the mid-19th century, which reveals how the Irish helped lay the foundations of the Australia we know today...'Deeply researched and vividly written, it's a terrific new and up-to-date account of the convict experience, mainly from the bottom up' - 'Emeritus Professor Alan Atkinson FAHA, University of Sydney'..'Brings the convict era to life through personal stories and insightful analysis.' - 'Lindsay Tanner'
Oceans of Consolation—David Fitzpatrick 1994
This volume provides a fascinating glimpse into the lives and attitudes of Irish migrants to the Seven Colonies of Australasia in the 19th century. Fitzpatrick presents a richly textured and nuanced reading of 111 letters between emigrants and the old country, telling us much not only about the aspirations of emigrants, their successes and disappointments, but also about the culture and style of the correspondence itself. A substantial contribution to both Irish and Australian history.—Virginia Quarterly Review

Anglo-Celtic Australia—Alyson L. Greiner 2002-01
For years the prevailing view among scholars has been that postcolonial Australia is "an undifferentiated composite of Anglo-Celtic culture," in which English, Irish, Welsh, and Scottish components quickly fused into a singular culture. But based on extensive field research, this study questions that view: the authors' compilation of data from 13,271 tombstones revealing the birth place of the interred, from 565 graveyards throughout Australia, shows "point-to-point and shire-to-shire migration from the British Isles to Australia." As a result, they also uncover Australia's distinct regional clusters of specific groups from the British Isles—and the differences of religion, dialect, urbanization, and agriculture that accompany them.

Only Killers and Thieves—Paul Howarth 2018-02-06
Barnes & Noble Discover Award Winner
Two brothers are exposed to the brutal realities of life and the seductive cruelty of power in this riveting debut novel—a story of savagery and race, injustice and honor, set in the untamed frontier of 1880s Australia—reminiscent of Philipp Meyer’s The Son and the novels of Cormac McCarthy. An epic tale of revenge and survival, Only Killers and Thieves is a gripping and utterly transporting debut, bringing to vivid life a colonial Australia that bears a striking resemblance to the American Wild West in its formative years. It is 1885, and a crippling drought threatens to ruin the McBride family. Their land is parched, their cattle starving. When the rain finally comes, it is a miracle that renews their hope for survival. But returning home from an afternoon swimming at a remote waterhole filled by the downpour, fourteen-year-old Tommy and sixteen-year-old Billy meet with a shocking tragedy. Thirsting for vengeance against the man they believe has wronged them—their former Aboriginal stockman—the distraught brothers turn to the ruthless and cunning John
Sullivan, the wealthiest landowner in the region and their father's former employer. Sullivan gathers a posse led by the dangerous and fascinating Inspector Edmund Noone and his Queensland Native Police, an infamous arm of British colonial power charged with the "dispersal" of indigenous Australians to "protect" white settler rights. As they ride across the barren outback in pursuit, their harsh and horrifying journey will have a devastating impact on Tommy, tormenting him for the rest of his life—and will hold enduring consequences for a young country struggling to come into its own. Recreating a period of Australian and British history as evocative and violent as the American frontier era, Only Killers and Thieves is an unforgettable story of family, guilt, empire, race, manhood, and faith that combines the insightfulness of Philipp Meyer’s The Son, the atmospheric beauty of Amanda Coplin’s The Orchardist, and the raw storytelling power of Ian McGuire’s The North Water.

An Australian Christmas Collection-James Francis Hogan 1886

A New History of the Irish in Australia-Elizabeth Malcolm 2018 Irish immigrants -- although despised as inferior on racial and religious grounds and feared as a threat to national security -- were one of modern Australia's most influential founding peoples. In his landmark 1986 book The Irish in Australia, Patrick O'Farrell argued that the Irish were central to the evolution of Australia's national character through their refusal to accept a British identity. A New History of the Irish in Australia takes a fresh approach. It draws on source materials not used until now and focuses on topics previously neglected, such as race, stereotypes, gender, popular culture, employment discrimination, immigration restriction, eugenics, crime and mental health. This important book also considers the Irish in Australia within the worldwide Irish diaspora. Elizabeth Malcolm and Dianne Hall reveal what Irish Australians shared with Irish communities elsewhere, while reminding us that the
Irish-Australian experience was -- and is -- unique.

Mannix-Brenda Niall 2015-03-25 Winner of the 2016 Australian Literature Society’s Gold Medal and the National Biography Award. Daniel Mannix, Archbishop of Melbourne from 1917 until his death, aged ninety-nine, in 1963, was a towering figure in Melbourne’s Catholic community. But his political interventions had a profound effect on the wider Australian nation too. Award-winning biographer Brenda Niall has made some unexpected discoveries in Irish and Australian archives which overturn some widely held views. She also draws on her own memories of meeting and interviewing Mannix to get to the essence of this man of contradictions, controversies and mystery. Mannix is not only an astonishing new look at a remarkable life, but a fascinating depiction of Melbourne in the first half last century. Brenda Niall is one of Australia’s foremost biographers. She is the author of four award-winning biographies, including her acclaimed accounts of the Boyd family. Brenda has degrees from the University of Melbourne, the Australian National University and Monash University. She has held visiting fellowships at the University of Michigan, Yale University and the Australian National University. In 2004 she was awarded the Order of Australia for ‘services to Australian literature, as an academic, biographer and literary critic’. ‘For readers interested in the political and cultural life of Australia during the first half of the 20th century, Niall’s highly readable biography will reward handsomely.’ Books & Publishing ‘With characteristic insight, sensitivity, and tact, Niall confirms that Daniel Mannix is a major, if elusive, figure in the modern history of Australia, Ireland, and the Catholic Church...a balanced and convincing account of Mannix’s life and times.’ Australian Book Review ‘Brenda Niall’s central challenge was to uncover the personal face of Mannix from his public speeches...She does this modestly and penetratingly.’ Catholic News ‘This is the best life of Mannix we have...Writing from inside the Melbourne Catholic experience, Brenda Niall shows how people’s affection for Mannix muted their criticisms of him—even if they knew better.’ Global Pulse ‘I should say that I expected to take my time over this biography, as I usually do, reading a chapter every other day. But not so, I could not put it down.’ ANZ LitLovers ‘For my money, Brenda Niall’s Mannix is the most wise, shrewd and elegant biography yet produced of this complex and beguiling man. Niall’s irresistible prose strengthens the candour of this fine book.’ Age ‘Calmly magisterial...Niall gives a sense of Mannix’s greatness and of why we can still be awed by him.’ Australian ‘An extraordinary man and an extraordinary book.’ Weekly Times ‘Among living Australian biographers, only Philip Ayres matches Brenda Niall for painstaking research serving narratives at once spirited and judicious.’ Spectator ‘This book is the work of a master of the art of biography...Gripping.’ Irish Echo ‘A fond and fluent life of Mannix that captures the crispness and the passion, the humour and the enigma of the man who meddled with politics like a master magician.’ Sydney Review of Books ‘[Niall] has written a generous and penetrating biography.’ Madonna Magazine

Red Dirt-E.M. Reapy 2016-06-02 A group of young Irish migrants leave a man called Hopper for dead on an outback road in Australia. They barely know him; no-one will miss him in their world of hostels, wild nights on cheap wine and grinding work on isolated farms. In this powerful novel about the discovery of responsibility, three young people – Fiona, Murph and Hopper – flee the collapse of their country’s economy. In the heat and
endless spaces of Australia they try to escape their past, but impulsive cruelty, shame and guilt drag them down, and it is easy to make terrible choices.

**Irish Women in Colonial Australia**-Trevor McClaughlin 2014-12-03 The women of Ireland, bond or free, have left a distinctive mark on Australia's population and culture. Irish Women in Colonial Australia provides an intriguing picture of the richness and variety of the Irish experience in the making of a new nation. Ireland provided the majority of female convicts for the first forty years of the penal colony, and Irish women made up a significant proportion of assisted and free immigrants throughout the nineteenth century. Through nine lively essays, a rare collaboration between family historians and professional historians enables the reader to range across the lives of murderers and orphans, workers and the new rich, country maids and slum dwellers. Who were these women? Why did they come here? What did they bring with them? And what did they make of their lives in the raw, new world so different from the world they left behind?

**To Foster an Irish Spirit**-Richard Reid 2020-02-27 The Irish National Association of Australasia was formed in Sydney in 1916 and for over a century it has been a significant 'Irish' organisation in Sydney. Irish sports, language, dancing, literature, history and culture have been central to its existence. Above all, the association has never swerved from its total support for the undivided freedom of Ireland. The INA's first decade was marked by controversy as the Irish fight for independence resonated in Australia, further dividing a community already split over the First World War, conscription, industrial relations and religious sectarianism. At times the INA had a large and sometimes surprising impact on the Irish and Australian-Irish community which extended into social, political, sporting and cultural areas. This history draws on many sources to tell the story of the INA and the people who worked to drive the organisation and its vision into the twenty-first century. The interaction of committee members, the community, rivals and friends resulted in victories and losses which make this story so engaging.

The Routledge Handbook of Hospitality Studies-Conrad Lashley 2016-11-10 In recent years there has been a growing interest in the study of hospitality as a social phenomenon. This interest has tended to arrive from two communities. The first comprises hospitality academics interested in exploring the wider meanings of hospitality as a way of better understanding guest and host relations and its implications for commercial settings. The second comprises social scientists using hosts and guests as a metaphor for understanding the relationship between host communities and guests as people from outside the community – migrants, asylum seekers and illegal immigrants. The Routledge Handbook of Hospitality Studies encourages both the study of hospitality as a human phenomenon and the study for hospitality as an industrial activity embracing the service of food, drink and accommodation. Developed from specifically commissioned original contributions from recognised authors in the field, it is the most up-to-date and definitive resource on the subject. The volume is divided into four parts: the first looks at ways of seeing hospitality from an array of social science disciplines; the second highlights the experiences of hospitality from different guest perspectives; the third explores the need to be hospitable through various time periods and social structures, and across the globe; while the final section deals with the notions of sustainability and hospitality. This handbook is interdisciplinary in coverage and is also international in scope through authorship and content. The ‘state-of-the-art’ orientation of the book is achieved through a critical view of current debates and controversies in the field as well as future research issues and trends. It is designed to be a benchmark for any future assessment of the field and its development. This handbook offers the reader a comprehensive synthesis of this discipline, conveying the latest thinking, issues and research. It will be an invaluable resource for all those with an interest in hospitality, encouraging dialogue across disciplinary boundaries and areas of study.

Irish South Australia-Susan Arthure 2019-01-17 Its capital is named after German-born Queen Adelaide, its main street after her English husband, King William IV, so it is not surprising that little is known about South Australia’s Irish background. However, the first European to discover Adelaide’s River Torrens in 1836 was Cork-born and educated George Kingston, who was deputy surveyor to Colonel Light; the river was named in turn for Derryman Colonel Torrens, Chairman of the South Australian Colonisation Commission.
Adelaide's first judge and first police commissioner were immigrants from Kerry and Limerick. Irish South Australia charts Irish settlement from as far north as Pekina, to the state's south-east and Mount Gambier. It follows the diverse fortunes of the Irish-born elite such as George Kingston and Charles Harvey Bagot, as well as doctors, farmers, lawyers, orphans, parliamentarians, pastoralists and publicans who made South Australia their home, with various shades of political and religious beliefs: Anglicans, Catholics, Dissenters, Federationalists, Freemasons, Home Rulers, nationalists, and Orangemen. Irish markers can be found in South Australian archaeology, architecture, geography and history. Some of these are visible in the hundreds of Irish place names that dot the South Australian landscape, such as Clare, Donnybrook, Dublin, Kilkenny, Navan, Rostrevor, Tipperary, and Tralee (as Tarlee). The book's editors are twentieth-century Irish immigrants from Dublin (Dymphna Lonergan), Portadown (Fidelma Breen), Trim (Susan Arthure), and by descent from eight Irish-born (Stephanie James).

**Irish Carnegie Libraries**-Brendan Grimes 1998 This book describes Andrew Carnegie's philanthropic work in favour of library development. Between 1897 and 1913, Carnegie promised over 170,000 to pay for the building of some 80 libraries in Ireland. Sixty-two of the libraries built have survived to the present day. The second part of the book is a catalogue, arranged alphabetically by town, which details the origin and design of each library and gives an account, particularly, of the background to its establishment, the uses to which the building was put, and it's present condition. The catalogue is illustrated with architectural plans and photographs. This book will be of interest especially to librarians, local historians and architectural historians.

**Kerry Girls**-Kay Moloney Caball 2014-05-05 The true story of the Kerry girls who were shipped to Australia from the four Kerry Workhouses of Dingle/Kenmare/Killarney and Listowel in 1849/1850, as part of the Earl Grey Scheme. From scenes of destitution and misery, the girls, some of whom spoke only Irish, set off to the other side of the world without any idea of what lay ahead. This book tells of their 'selection' and shipping to New South Wales and Adelaide, their subsequent apprenticeship, marriage and life in the colony.
