Changing Clothes in China—Anthony Finnane 2008-01-17 Inequality—the potential for social mobility—has been a vital part of Chinese life in the imperial era, when social mobility was also important. This book puts forward the argument that social mobility was not only a product of the export economy and the reform of the state, but also a consequence of the relationship between the state and the peasantry. The book challenges the conventional view that social mobility was a product of the export economy and the reform of the state, but also a consequence of the relationship between the state and the peasantry. The book challenges the conventional view that social mobility was a product of the export economy and the reform of the state, but also a consequence of the relationship between the state and the peasantry. The book challenges the conventional view that social mobility was a product of the export economy and the reform of the state, but also a consequence of the relationship between the state and the peasantry. Four Seasons,” “Happiness and Longevity” and “Good Things Come in Pairs” History and use of Chinese knots All you need is this book and a few simple materials to experience the fun of creating fabulous Chinese knots with your own two hands!

'Symbolic and message-bearing aspects of clothing, but also practical matters of production and, equally importantly, distribution.

Book of Mah Jong

- Mark C. Elliott 2001 In 1644, the Manchus, a relatively unknown people inhabiting China's northeastern frontier, overthrew the Ming rulers, and established the Qing dynasty, This book supplies a radically new perspective on the formative period of the

Locating Chinese Women

- Kate Bagnall 2021-03-23 This ground-breaking edited collection draws together Australian historical scholarship on Chinese women, their gendered migrations, and their mobile lives between China and Australia. It considers different aspects of women's lives, both as individuals and as the wives and daughters of migrant men. While the number of Chinese women in Australia before 1910 was relatively small, their presence was significant and often subject to public scrutiny. Moving beyond traditional representations of women as hidden and silent, this book demonstrates that Chinese Australian women in the twentieth century expressed themselves in the public eye, whether through writing, in photographs, or in public and cultural life. Their remarkable stories are often inspiring and sometimes tragic and serve to demonstrate the complexities of navigating female lives in the face of racial politics and imposed categories of gender, culture, and class. Historians of transnational Chinese migration have come to recognize Australia as a crucial site within the "Manchurian Pacific," and this collection provides a new range of gendered companionships, connecting women's experiences in Australia with those in Canada, the United States, and New Zealand. Locating Chinese Women is a path-breaking book by exploring the experiences of Chinese Australian women during the twentieth and early twentieth centuries, the authors have opened new and compelling venues of inquiry about the history of Chinese Australian women. In this landmark work, they have brilliantly reveal the history of Chinese Australians. — Jay Damousi, Australian Catholic University Locating Chinese Women breaks new ground in Australian and transnational Chinese women's history by making the lives of remarkable Chinese Australian women visible. Photographs, testimonies, Chinese-language newspapers, and digitized archives help document the women’s agency and activities as they navigate public lives between and within China and Australia during the twentieth and early twentieth centuries. — Shirley Hase, University of California, Los Angeles, and University of Washington

Chinese Furniture

"Katz is a woman in this image. She is part of the story created by historians of the past, who have used and interpreted her work to tell us about the world in which she lived. However, this story is also told through the objects she produced and the way they were used. These objects can provide us with insights into the values and beliefs of their creators and users. They can also help us understand how these values and beliefs were transmitted across generations and cultures." — Richard Gunde 2002 Examines Chinese religious rituals, literature, performing arts, fine arts, food, clothing, architecture, housing, family life, holidays, festivals, and social customs.

All About Chinese Dragons

- Roy Bates 2007

Chinese Knotting -Cao Haimei 2015-04-07 From braided friendship bracelets to woven macrame creations, kids and adults alike seem to enjoy the art of creating. From jewelry to decorative pieces such as old soap-phones, Chinese knotting is a fun and surprisingly simple art that can delight people of all ages. Chinese Knotting: An Illustrated Guide to 180 Projects is a beautiful volume that teaches the easy-to-learn elements of Chinese knotting—interlocking silk cords and other materials in a variety of ways. The art of Chinese knotting has a rich history dating back to prehistoric times. Over the centuries, Chinese knotting has continued to evolve and has been incorporated into fashion, jewelry, accessories, home decoration, contemporary art and other areas of expression. Using this ancient technique in new and fresh ways has kept it alive even into the new century. Using step-by-step illustrations, this book introduces more than 100 types of Chinese knots. The tutorials will guide you through the creation of various knots and introduce their applications. You will gain an understanding of: Basic knots, such as double-crown knot, Chinese knot, knot of flowers knot, knot of branches knot, and many other basic knots. You will also learn to use gymnastics to twist silk cords and other materials in a variety of ways. This book is an excellent resource for anyone interested in learning more about Chinese knotting. — "Message in Four Seasons," "Happiness and Longevity" and "Great Things Come in Pairs" History and use of Chinese knots All you need is this book and a few simple materials to experience the fun of creating fabulous Chinese knots with your own two hands!" — Shirley Hase, University of California, Los Angeles, and University of Washington

China Made

- Karl Gerth 2003 Based on Chinese, Japanese and English-language archives, this text explores the historical ties between nationalism and consumerism in China.

Culture and Customs of China
