Difference Between Rural and Suburban and Urban
Apr 08, 2011 · Rural vs. Suburban vs. Urban. There are three different ways one can describe the area they live in as it pertains to population amounts. You can live in a city; however, the city could be spread out and very small. One can live in an area that is extremely populated like New York City and would have to describe their city in a larger context as “city” does not do the population justice.
